

This year, the Michigan State USBC added another category to our Hall of Fame.

### **“Special Recognition”**

This allows us to recognize bowlers throughout the state who have made a contribution to bowling but have not necessarily served on or for the state level.

Eligibility:

1. Long-time association managers/presidents, board members who have served on a local level
2. Proprietors and center managers for their help during state tournaments.

Our first recipient of this award is:

**Mike Nawrocki**, longtime owner/ proprietor of Sherman Bowling Center in Muskegon.

His support during the many tournaments hosted in Muskegon over the years has always been top-notch, and his willingness to help made running tournaments at Sherman a wonderful experience.
